L-CARNITINE + GREEN TEA EXTRACT

L-CARNITINE

- L-carnitine will give an energy boost, which in addition converts body fat to fuel and elevates certain enzymes needed to metabolize sugars, starches and other carbohydrates.
- It is also useful in clearing the bloodstream of ammonia and aids in creating glycogen used to store essential glucose

GREEN TEA EXTRACT

- Green tea extract is bioflavonoid rich, and one of its main uses is fighting free radicals in your body. It contains high level of polyphenol and it's also rich source of EGCG (an anti-oxidant), that's over 200 times more potent than Vitamin E in fighting free radicals and pro-oxidants.
- The second most popular beverage in the world. Green tea is said to have many health benefits , including lowering cholesterol, boosting immune system and helping to prevent cavities and tooth decay
